

Second-line coastal plants

These plants are able to withstand moderate coastal exposure, and grow best in areas that are protected from salt-laden winds. Buffers of more salt tolerant screening plants can be used to provide protection on exposed sites (see Front-line Coastal Plants factsheet). The soils of some South Australian coastal regions are highly calcareous (limestone-derived; high pH), therefore it is important to cross-refer to the nursery catalogue or to the Limestone Tolerant Plants factsheet to check the alkalinity tolerance of species listed.

- *Acacia acinacea*
- *Acacia baileyana* var. *purpurea*
- *Acacia calamifolia*
- *Acacia cultriformis*
- *Acacia glaucoptera*
- *Acacia gracilifolia*
- *Acacia hakeoides*
- **Acacia iteaphylla*
- *Acacia leiophylla*
- *Acacia notabilis*
- *Acacia paradoxa*
- *Acacia podalyriifolia*
- *Acacia pycnantha*
- *Acacia retinodes*
- *Acacia sclerophylla*
- *Adenanthos cuneatus*
- *Agonis juniperina*
- *Agonis parviceps*
- *Allocasuarina luehmannii*
- *Allocasuarina muelleriana*
- *Alyogyne hakeifolia*
- *Alyogyne huegelii*
- *Anigozanthos flavidus*
- *Atriplex rhagodioides*
- *Atriplex semibaccata*
- *Baeckea behrii*
- *Banksia ashbyi*
- *Banksia baueri*
- *Banksia baxteri*
- *Banksia brownii*
- *Banksia coccinea*
- *Banksia ericifolia*
- *Banksia hookeriana*
- *Banksia marginata*
- *Banksia menziesii*
- *Banksia nutans*
- *Banksia occidentalis*
- *Banksia ornata*
- *Banksia prionotes*
- *Banksia sceptrum*
- *Banksia speciosa*
- *Beaufortia sparsa*
- *Billardiera cymosa*
- *Boronia clavata*
- *Boronia denticulata*
- *Brachychiton populneus*
- *Bursaria spinosa*
- *Callistemon brachyandrus*
- *Callistemon citrinus*
- *Callistemon citrinus* 'Anzac'
- *Callistemon citrinus* 'Burgundy'
- *Callistemon citrinus* 'Reeves Pink'
- *Callistemon citrinus* 'Splendens'
- *Callistemon* 'Kings Park Special'
- *Callistemon pallidus*
- *Callistemon* 'Perth Pink'
- *Callistemon pinifolius*
- *Callistemon salignus*
- *Callistemon teretifolius*
- *Callistemon viminalis*
- *Callistemon viminalis* 'Captain Cook'
- *Callistemon viminalis* 'Little John'
- *Callistemon* 'Western Glory'
- *Callitris oblonga*
- *Callitris rhomboidea*
- *Callitris verrucosa*
- *Calothamnus quadrifidus*
- *Calytrix tetragona*

- *Casuarina glauca*
- *Casuarina obesa*
- *Casuarina pauper*
- *Chamelaucium axillare*
- *Chamelaucium ciliatum*
- *Chamelaucium uncinatum* (most forms)
- *Chrysocephalum baxteri*
- *Clematis microphylla*
- *Correa backhousiana*
- *Correa decumbens*
- *Correa 'Dusky Bells'*
- *Correa pulchella* (forms)
- *Corymbia citriodora*
- *Corymbia ficifolia*
- *Corymbia maculata*
- *Dampiera species*
- *Daviesia ulicifolia*
- *Doryanthes excelsa*
- *Dryandra formosa*
- *Dryandra polycephala*
- *Dryandra quercifolia*
- *Eremophila alternifolia*
- *Eremophila biserrata*
- *Eremophila brevifolia*
- *Eremophila denticulata*
- *Eremophila longifolia*
- *Eremophila microtheca*
- *Eremophila nivea*
- *Eremophila serpens*
- *Eremophila weldii*
- *Eucalyptus baxteri*
- *Eucalyptus botryoides*
- *Eucalyptus brachycalyx*
- *Eucalyptus caleyi*
- *Eucalyptus campaspe*
- *Eucalyptus cladocalyx 'Nana'*
- *Eucalyptus clelandii*
- *Eucalyptus cornuta*
- *Eucalyptus cosmophylla*
- *Eucalyptus crenulata*
- *Eucalyptus crucis*
- *Eucalyptus dumosa*
- *Eucalyptus erythronema*
- *Eucalyptus erythronema* var. *marginata*
- *Eucalyptus erythrocorys*
- *Eucalyptus fasciculosa*
- *Eucalyptus forrestiana*
- *Eucalyptus globulus* ssp. *globulus*
- *Eucalyptus globulus* 'Compacta'
- *Eucalyptus grossa*
- *Eucalyptus kruseana*
- *Eucalyptus leptophylla*
- *Eucalyptus macrandra*
- *Eucalyptus megacornuta*
- *Eucalyptus nicholii*
- *Eucalyptus nutans*
- *Eucalyptus obliqua*
- *Eucalyptus occidentalis*
- *Eucalyptus odorata*
- *Eucalyptus oleosa* ssp. *oleosa*
- *Eucalyptus ovata*
- *Eucalyptus phenax* ssp. *phenax*
- *Eucalyptus platypus* ssp. *platypus*
- *Eucalyptus porosa*
- *Eucalyptus preissiana*
- *Eucalyptus saligna*
- *Eucalyptus scoparia*
- *Eucalyptus sideroxylon*
- *Eucalyptus sideroxylon* 'Rosea'
- *Eucalyptus spathulata*
- *Eucalyptus steedmanii*
- *Eucalyptus tetragona*
- *Eucalyptus tetraptera*
- *Eucalyptus torquata*
- *Eucalyptus woodwardii*
- *Eutaxia microphylla* var. *diffusa*
- *Eutaxia obovata*
- *Gahnia sieberiana*
- *Gastrolobium celsianum*
- *Goodenia ovata*
- *Goodia lotifolia*
- *Grevillea banksii*
- *Grevillea 'Bairnsdale'*
- *Grevillea 'Canberra Gem'*
- *Grevillea 'Clearview David'*
- *Grevillea curviloba*
- *Grevillea 'Ellendale'*
- *Grevillea humifusa*

- *Grevillea ilicifolia* var. *ilicifolia*
- *Grevillea juniperina*
- *Grevillea lanigera* forms
- *Grevillea leucopteris*
- *Grevillea manglesii*
- *Grevillea nudiflora*
- *Grevillea pinaster*
- *Grevillea* 'Poorinda Constance'
- *Grevillea* 'Poorinda Queen'
- *Grevillea* 'Red Hooks'
- *Grevillea robusta*
- *Grevillea sericea*
- *Grevillea thelemanniana* (all forms)
- *Hakea bucculenta*
- *Hakea francisiana*
- **Hakea laurina*
- *Hakea muelleriana*
- *Hakea multilineata*
- *Hakea nodosa*
- *Hakea petiolaris*
- *Hakea rostrata*
- *Hakea rugosa*
- *Hakea salicifolia*
- *Halgania cyanea*
- *Hardenbergia comptoniana*
- *Hardenbergia violacea* (all forms)
- *Helichrysum scorpioides*
- *Hemiandra pungens*
- *Hibbertia cuneiformis*
- *Hibbertia obtusifolia*
- *Hibbertia procumbens*
- *Hibbertia riparia*
- *Hibbertia sericea*
- *Hibbertia serpyllifolia* ssp. *serpyllifolia*
- *Hymenosporum flavum*
- *Hypocalymma angustifolium*
- *Hypocalymma cordifolium*
- *Indigofera australis*
- *Isopogon ceratophyllus*
- *Isopogon latifolius*
- *Kennedia nigricans*
- *Kunzea baxteri*
- *Lasiopetalum baueri*
- *Lasiopetalum behrii*
- *Leptospermum continentale*
- *Leptospermum* 'Horizontalis'
- *Leptospermum* 'Cardwell'
- *Leptospermum rotundifolium*
- *Leptospermum sericeum*
- *Lomandra longifolia*
- *Lomandra multiflora* ssp. *dura*
- *Lophostemon confertus*
- *Melaleuca bracteata*
- *Melaleuca decussata*
- *Melaleuca diosmifolia*
- *Melaleuca fulgens*
- *Melaleuca gibbosa*
- *Melaleuca incana*
- *Melaleuca incana* 'Velvet Cushion'
- *Melaleuca microphylla*
- *Melaleuca pentagona*
- *Melaleuca* 'Revolution Gold'
- *Melaleuca squarrosa*
- *Melaleuca thymifolia*
- *Melaleuca trichophylla*
- *Melaleuca violacea*
- *Melaleuca wilsonii*
- *Micromyrtus ciliata*
- *Myoporum floribundum*
- *Nematolepis phebaloides*
- *Olearia ramulosa*
- *Olearia teretifolia* var. *compacta*
- *Orthrosanthus multiflorus*
- *Pandorea jasminoides*
- *Pandorea pandorana*
- *Patersonia occidentalis*
- *Philothea myoporoides*
- *Pimelea rosea*
- *Pittosporum angustifolium*
- *Poa labillardieri*
- *Prostanthera ovalifolia*
- *Pultenaea daphnoides*
- *Santalum acuminatum*
- *Senna species*
- *Scaevola* 'Mauve Clusters'
- *Syzygium australe*
- *Syzygium smithii*
- *Themeda triandra*

- *Thryptomene calycina*
- *Thryptomene saxicola* (all forms)
- *Verticordia plumosa*
- *Westringia eremicola*
- *Westringia fruticosa* (variegated form)
- *Westringia* 'Wynyabbie Gem'
- *Xanthosia rotundifolia*

* This plant has been identified as potentially invasive in some areas.
